A984 Congleton Papers: additional

Autograph letter from Charles Stewart Parnell to Arthur Parnell, thanking him for his letter of the previous November. 'I have today been fortunate enough to find it amongst my papers and write a few words to tell you how much I appreciated at the time the expression of sympathy you sent me, and how glad I am to know that you have a better opinion of Irish character and fitness for self government than many of those with your surroundings and position in life.' 10 Aug 1891
