## What do I need to do?

1. To find the Immune Defence website, please type in **[www.immunedefencestudy.org](http://www.immunedefencestudy.org)** into the top box of your web browser (if you are not sure where to type it in, please see next page).
2. The Immune Defence study website looks like this:

3. The **first time you go to the website** you will need to **sign-up** (rather than login). You will only need to sign up once.

- When you sign up you will be asked to enter your name, your **PARTICIPANT CODE**, your email address and create a password. After you have signed up, you will use your email address and password whenever you login.
- After you have signed up you will be asked a few questions so we can make sure the study is right for you. You will find out straight away if you are able to take part.

## **Frequently Asked Questions**

### **1. Where do I type in the study address?**

The picture below shows where to type **www.immunedefencestudy.org**. Make sure you don't type it into a search box, like Google, by accident. If you are still unable to find the website, we can email you link.

**It won't work if you type it here**

### **2. Is the website secure?**

Yes, the website is secure and complies with NHS standards. If you see a pop-up saying the website may not be secure, then this is likely because your internet connection is not working properly. Do get in touch with us if you have any problems getting onto the website. We are happy to help.

### **3. What do I do when I get to the website?**

When you get on the website, please read all the questions carefully. It is important that we have the right information about you so we can tell straight away if you can take part.

### **4. Who do I contact if I want more information?**
