

# Putting Primary Science Centre Stage

One Day CPD event at the Mary Rose Museum, Portsmouth

Thursday 28th February 2019, 10:00 – 15:00

For primary teachers, senior management  
and science subject leaders

- Keynote by Prof Janice Griffiths,  
Chair Elect, The Association for Science  
Education: *What is science capital and  
how can it support children's learning in  
and out of school?*
- *2 for the price of 1: Enquiry skills in  
History, Science and beyond*
- Hands-on science with Practical Action,  
the Mathematics and Science Learning  
Centre and the Mary Rose Museum

£80 + VAT

A CPD event hosted by the Mary Rose Learning Team, in partnership with the Mathematics and Science Learning Centre, University of Southampton. A chance to gain new ideas and explore best practice in science teaching and learning.

Practical workshops led by:

Dr Debs Wilkinson, Senior Lecturer in Primary Science, University of Chichester and the Mary Rose Team - combining History and Science enquiry, as featured in *Primary Science* magazine (April 2018).

Jeremy Thomas, Abingdon Science Partnership Coordinator - showcasing how the *Crest Award* and *Practical Action* activities can enrich science teaching and learning in schools.

Colin Stevens, Centre Manager at Mathematics and Science Learning Centre—sharing practical STEM ideas to use in the primary classroom.

- Find out about current thinking and good practice in primary science
- Network with fellow teachers and academics
- Identify areas for development of cross-curricular learning
- Plan for action to bring science centre stage in your school

**£80 + VAT** - includes light lunch, resource pack and museum entry

**£140** for two people from the same organisation

A limited number of subsidised places available for student teachers, £25 + VAT
