

Where will your  
degree take you?  
Ocean and Earth Science  
Careers Day

## New for 2017

**Linked In Labs** - You are very welcome to come along to set up a LinkedIn profile,

- enhance your existing profile
- find ways of increasing your network
- look for employment opportunities

A photographer will be on hand to take your profile photo.

### Considering a PhD?

This session provides a brief overview of applying for PhDs, then your questions answered.

- Is a PhD for me?
- Funding a PhD
- What qualifications do I need?
- How do I decide where to study?
- Where do I look for a PhD?
- When should I apply?
- How do I apply?

Come along with all the questions you want to ask.

# Considering a career in Ocean and Earth Science?

## Ocean and Earth Science Careers Day 23 February 2017

The Ocean and Earth Science Careers Day is the perfect place to meet potential employers, explore different career pathways and get valuable advice from alumni who have been through the experience.

### Event timetable

10:00	Event opens
10:00 - 14:00	Discussion with employers throughout the day
11:15 - 12:45	Careers Panel - Lecture Theatre
14:00 - 14:45	Considering a PhD? Room o54/o6
14:00 - 16:00	LinkedIn Labs - Lab G1 drop in
15:00 - 15:45	Considering a PhD? Room o54/o6

Thank you to all of the companies, organisations and individuals for attending our Ocean and Earth Science Careers Day. We greatly appreciate your support of the event and our current students.

### Key

- Oceanography
- Marine Biology
- Geology
- Geophysics
- Civil Engineering
- Mechanical Engineering
- Environmental Science
- Ship Science
- Biological Science
- Electrical Engineering
- Others
- Summer Internships
- Work Placements

## Jacobs UK

Jacobs is one of the world's largest and most diverse providers of technical and professional services for industrial, commercial and government organizations globally.

The Southampton based aquatic ecology team is one of the biggest dedicated ecology teams in the UK. The team is currently helping to deliver some of the largest and most complex nationally significant infrastructure projects around the UK. We provide opportunities for marine biology, chemistry, oceanography and bioengineering graduate and intern positions.

[jacobs.com/workforus/jobs](http://jacobs.com/workforus/jobs)

**Stand 1** ● ● ● ● ● ● ●

## HR Wallingford

HR Wallingford is an independent civil engineering and environmental hydraulics organisation.

We deliver practical solutions to the complex water-related challenges faced by our international clients. With a 70 year track record of achievement, our unique mix of know-how, assets and facilities includes state-of-the-art physical modelling laboratories, a full range of numerical modelling tools and, above all, enthusiastic people with world-renowned skills and expertise.

[hrwallingford.com](http://hrwallingford.com)

**Stand 2** ● ● ● ● ●

## UmPhafa Private Nature Reserve

Colchester Zoocharity 'Action for the Wild' is currently offering internships on UmPhafa Private Nature Reserve in South Africa to those seeking to gain work experience before pursuing a career in conservation.

This is an opportunity for students to attain practical work experience in the field, develop vital skills and techniques necessary for a range of career paths within conservation, and gain a greater appreciation and understanding of African wildlife.

**Stand 3** ● ● ● ●

## Royal Navy

A job in the Naval Service means adventure, camaraderie - and lifelong prospects. Every day you make a difference and no two days are the same. You could be policing the world's oceans, delivering humanitarian aid when natural or man-made disasters strike. Or you could be deployed in combat.

No matter what job you do, you'll be a key part in operations around the world. Are you ready to go places?

[royalnavy.mod.uk/careers](http://royalnavy.mod.uk/careers)

Stand 4 ● ● ●

## Royal Navy Reserves

The RNR provides specific capabilities that the Navy needs to succeed in operations. Without the contribution of the Reserves, the Royal Navy could not conduct its many activities from anti-piracy, counterterrorism, or delivering humanitarian aid. When new members of the RNR complete their basic training, they join one of five branches. These are Warfare, Information, Engineering, Logistics and Medical. Within each branch, there is a wide range of roles which members of that branch can be trained to undertake. HMS King Alfred is the south coast unit which is situated on Whale Island in Portsmouth.

Stand 5 ● ● ●

## UoS Careers and Employability

How confident are you about your CV? It might have served you adequately in the past but competition for graduate positions is fierce. Don't risk losing out on your dream job because of an average CV! Bring it to our stand for an assessment.

Every year we help thousands of our students to explore, develop and shape their futures through connecting them with hundreds of organisations, graduate recruiters and further study providers.

MyCareer is the new careers platform utilised by the Careers and Employability Service to support students, graduates and Early Career Researchers. MyCareer features our Event Calendar in addition to a Jobs Board with part-time, vacation and graduate roles available.

Stand 6 ● ● ●

## UoS Work Experience Team

A work experience opportunity is an excellent way to help you stand out from the crowd enabling you to develop many skills that graduate employers look for.

We have a number of fantastic work experience programmes that you can get involved with during your time at University:

- Business Innovation
- Excel Southampton Internships
- Year in Employment
- Volunteering

Come along to our stand and learn more!

## Hampshire and Isle of Wight Wildlife Trust

Hampshire and Isle of Wight Wildlife Trust is one of the leading local wildlife conservation champions working on the south coast. For more than 50 years, we have protected wildlife and inspired people to love nature. We work hard to protect undersea landscapes, habitats, plants and animals that call our local seas home.

[hiwwt.org.uk/jobs](http://hiwwt.org.uk/jobs)

Stand 12 ●●●●●

## MacAlister Elliott & Partners Ltd

MEP has been at the forefront of fisheries and aquaculture consultancy for over three decades. We work internationally on marine and freshwater projects, ranging from assessing the impact of wind farms on local fishing communities to constructing aquaculture facilities in Africa and the Middle East.

MEP has employed several Southampton graduates and wishes to continue this partnership. We offer internships and opportunities allowing graduates to gain experience in marine consultancy.

Stand 13 ●●●●●

## Ordnance Survey

As Britain's mapping agency, we provide information that's vital to the nation's wellbeing. We work with governments, private industry, and individuals alike, since the data we produce touches and connects the lives of everyone in the country.

We make seven updates every minute of the day, mirroring our constantly changing landscape. The information we gather enables us to generate content that helps keep our nation, economy and infrastructure moving, but also provide our surveying expertise to countries around the world.

We are adventurous in the digital age, incisive in providing simple solutions to complex problems, restless because we know our work is never done, and true because we understand the importance of accuracy. In short, we help others in finding a way.

[os.uk/careers](http://os.uk/careers)

**Stand 14** ● ● ●

## Carnival UK

Carnival UK is part of the world's largest cruise company. Carnival UK operates two cruise brands from Southampton. Cunard is the ultimate cruise experience, with three world renowned ocean liners.

P&O Cruises offers unrivaled cruise experience for the British holidaymaker with eight ships travelling all across the globe.

Carnival UK is looking for graduates to join us in 2017.

**Stand 15** ● ● ● ● ● ● ●

## WiseOceans

WiseOceans is a marine education and conservation company that works globally, striving towards a future with healthier oceans. WiseOceans employs three core strategies, to educate, conserve and involve. Our website is a valuable resource, the Wise Work section promotes work opportunities (paid and voluntary), internships, expeditions and courses for a wide range of marine conservation organisations and institutions for the benefit of those seeking to be involved in this field.

**wiseoceans.com/jobs**

**Stand 16** ● ● ● ● ● ● ● ● ● ● ●

## IBM

For over 100 years, IBM has been creating innovative solutions and products that have changed not only business, but the world. Right now, we're working to integrate systems and technology to tackle the world's biggest challenges head on. From climate change to water conservation there's a lot to do, and we need people with ideas. People just like you.

**www-05.ibm.com/employment**

**Stand 17** ● ● ● ● ● ● ● ● ●

## Love The Oceans

Love the Oceans is a non-profit marine conservation organisation working in Guinjata Bay, Mozambique. We use research, education and diving to drive action towards a more sustainable future. LTO hopes to protect and study the many species of sharks, rays and whales found here.

We offer a cutting edge volunteer programme that gives individuals the chance to work alongside our marine biologists, helping with conservation over 2 - 6 weeks.

**lovethetheoceans.org**

**Stand 18** ● ● ● ● ● ● ●

## British Oceanographic Data Centre

BODC is a national facility (part of the Natural Environment Research Council, NERC) for managing and distributing marine environmental (biological, chemical, physical and geophysical) data. Our databases contain measurements of nearly 22,000 different variables. Many of our staff have direct experience of marine data collection and analysis. They work alongside information technology specialists to ensure that data are documented and stored for current and future use.

**topcareer.jobs**

**Stand 19**

## The Geological Society

The Geological Society of London is the UK's professional body for Earth science. It offers geoscientists continuity and support, with an appropriate grade of membership and fees for each career stage. Membership brings professional recognition and provides a framework in which to achieve accreditation as a Chartered Geologist or Chartered Scientist. The Society's online resource - 'Geology Career Pathways' provides information and advice on career development, CVs, salaries and work placements.

**geolsoc.org.uk**

**Stand 20** ● ● ● ● ●

## Southern IFCA

The Southern Inshore Fisheries and Conservation Authority (SIFCA) aims to champion and manage a sustainable marine environment and inshore fisheries within its District. The District covers Dorset, Hampshire and Isle of Wight out to 6 nautical miles from baselines. The Authority works to develop sustainable management of sea fisheries resources to secure a balance between social, environmental and economic benefits to ensure healthy seas, sustainable fisheries and a viable industry.

**southern-ifca.gov.uk**

**Stand 21** ● ● ●

## CGG

CGG is a fully integrated Geoscience company providing leading geological, geophysical and reservoir capabilities to its broad base of customers primarily from the global oil and gas industry.

Through its three complementary business divisions of Equipment, Acquisition and Geology, Geophysics & Reservoir (GGR), CGG brings value across all aspects of natural resource exploration and exploitation.

**cgg.com**

Stand 22

## Southampton Education School

Southampton Education School offers a full range of degrees and programmes from undergraduate, through PGCE and Masters to PhD, as well as professional development for in-service teachers.

We provide support informed by the latest research through our Institute of Educational Effectiveness and Equity (IE3) and Institute of Professional Practice in Education (IPPE).

[southampton.ac.uk/education](http://southampton.ac.uk/education)

Stand 23

## Operation Wallacea

Operation Wallacea run biodiversity research programmes in some of the most threatened environments on the planet.

These research programmes are available for students to join over the summer. You will gain experience of working with a range of different university academics as a research assistant, or to gather data for an independent research project. There are 200+ academics who work on the programme at 24 research sites across 11 countries.

[opwall.com](http://opwall.com)

Stand 24

## Fugro

Fugro are the world's largest integrator of geotechnical, survey, subsea and geosciences services. Our services are specifically designed to support engineering design and large structure building projects. Are you ready to start your career and grow your professional knowledge? Our jobs provide daily challenges and rewarding experiences. Join Team Fugro and be an integral part of a global team committed to delivering excellence.
