MERRY CHRISTMAS TO ALL SAA STAFF

The campus has been transformed by the Christmas lights, and the delivery of another successful Winder graduation signals that the Autumn term is fast approaching its conclusion.

I am aware that this semester, and in fact 2018 as a whole, has been extraordinarily busy compared to previous years. As well as business as usual, we have worked tirelessly to deliver projects such as a new structure for Recruitment and Admissions, improvements to online option choice and the realignment of our service to support the new University structure. These are just a few of our achievements this year and I know there are others, so I would ask you to reflect upon what you have achieved both as a team and individually and celebrate the success that has been accomplished. You made this happen.

I would like to see more of you all during 2019, therefore I will endeavour to arrange to come to your Team meetings. These can be open sessions where we can discuss a variety of topics or if you have particular issues to debate, we can have a more structured approach; this will be entirely your choice.

This is the final week before the Christmas break and I know that you are all working hard to ensure we are prepared for 2019. I would like to take this opportunity to thank you all for your continued hard work and dedication, it is very much appreciated by the students, by the University and especially by myself. I wish you all a very happy and peaceful Christmas break, and best wishes for the New Year.

Operational News

**Graduation**

Many thanks to all those who supported us at winter graduation, which was a huge success. We can’t do it without you. In other news, the summer schedule will be published on our website before we head off for the festive break.

**Semester 1 Exams**

The exam period is fast approaching so just a reminder that if we hadn’t had exam papers in, or if you’ve got any reprints, you need to get them printed and batched (don’t forget to include version control on reprinted papers) and bring them over to us no later than Wednesday 2 January.

For those papers we’ve already got – we automatically print 5 copies for you to come and collect at your leisure. If you need more than this, or if you need other faculty’s exams papers, please email your lists to exams@soton.ac.uk no later than Wednesday 2 January. And finally – don’t forget to update the module contacts spreadsheet on the workstream drive.

**Marks release**

Banner self-service assessment pages will be masked from 21 January 2019 to 1400 on Thursday 21 February 2019.

**Timetabling**

**Semester Two Timetables**

**Section Roll**

This task is currently scheduled to take place on 17th January 2019 at 17.00.

Please can I ask CQA teams to review the 2018/19 section records to ensure that any inaccuracies are picked up before this task is undertaken. Any changes made to 2018/19 sections ahead of this date will be reflected in the 2019/20 sections that are created. After this time, both the 2018/19 and 2019/20 section will need to be amended in Banner.

If you have any questions about this or if you would like to discuss it further, please do not hesitate to contact us at curriculum@soton.ac.uk.
