Accommodation:

The University of Southampton has over 5,000 single rooms in our Halls of Residence which are in easy reach of the University's main campus. We will try to ensure that University accommodation is available for those students who would prefer this option but it cannot be guaranteed and is more likely to be available for students starting on 28 January 2019 in Semester 2.

The alternative to Halls accommodation is to live in the **private rented sector**. A comprehensive and up-to-date list of the rooms, bedsits, shared houses, flats and lodgings in the local area is available from the University's Accommodation Office.

The Accommodation Office offers a free and confidential service covering all Hall matters, general housing matters, tenancy law and other related issues. In addition, the Office has a range of booklets, leaflets and maps offered free of charge to our students and there is a dedicated telephone service available to answer any accommodation related enquiries you may have.
