☐ I am interested in more information about making a gift in my will

☐ I would like my gift to remain anonymous

Declaration boost your donation by 25p for every £1 you donate

If you are a UK taxpayer you can make your donation worth more at no extra cost to you. The Government's Gift Aid scheme allows us, as a charity, to reclaim the income tax (or capital gains tax) you have already paid on your donation. Simply tick, sign and date the declaration below. Your address is needed on this form to identify you as a current UK taxpayer.

☐ I want to Gift Aid my donation and any donations I make in the future or have made in the past four years to the University of Southampton. I am a UK tax payer and I understand that if I pay less Income Tax and/or Capital Gains Tax in a tax year than the amount of Gift Aid claimed on all my donations, it is my responsibility to pay any difference.

Signature _____ Date _____

giftaid it

Please notify us if you want to cancel this declaration, you change your name or home address or you no longer pay sufficient tax on your income and/or capital gains.

I would like to support (please tick one)

☐ The Student Support Fund

☐ The Student Experience Fund

☐ The Fund for the Greatest Need

☐ The Campaign for the Centre for Cancer Immunology

Instructions to your Bank or Building Society:

Please pay the University of Southampton Direct Debits from the account detailed in this instruction subject to the safeguards assured by the Direct Debit Guarantee. I understand that this Instruction may remain with the University of Southampton and, if so, details will be passed electronically to my Bank/Building Society.

Signed

Date

Banks and Building Societies may not accept Direct Debit instructions for some types of accounts. UK Bank Accounts only.

Please detach here if making a gift by Direct Debit and keep for your records.

The Direct Debit Guarantee

- This Guarantee is offered by all banks and building societies that accept instructions to pay Direct Debits
- If there are any changes to the amount, date or frequency of your Direct Debit the University of Southampton will notify you 10 working days in advance of your account being debited or as otherwise agreed. If you request the University of Southampton to collect a payment, confirmation of the amount and date will be given to you at the time of the request
- If an error is made in the payment of your Direct Debit by the University of Southampton or your bank or building society, you are entitled to a full and immediate refund of the amount paid from your bank or building society
 - If you receive a refund you are not entitled to, you must pay it back when the University of Southampton asks you to
- You can cancel a Direct Debit at any time by simply contacting your bank or building society. Written confirmation may be required. Please also notify us.

Thank you for your support!

...join the Hartley Circle

The Hartley Circle is named after Henry Robinson Hartley, the University's first benefactor. Hartley's original gift, over a century and a half ago, started a tradition of philanthropic support that still continues today, enabling Southampton to become a leading institution of international standing.

We established the Hartley Circle to recognise and thank our supporters who give £1,000 or more to the University every year. While every gift makes a difference, we particularly value the level of ongoing commitment made by our Hartley Circle members, whose dedicated support will ensure the University continues to succeed in an ever-changing environment.

As a member of the Hartley Circle, you can help us to provide life-changing opportunities for our students and enable us to realise our ambitions to change the world for the better through research, innovation and enterprise. We have identified four areas which are particularly crucial to the University's development, and in which your gift can make a real difference.

The Campaign for the Centre for Cancer Immunology

The University of Southampton is the UK's leading centre of excellence in the area of cancer immunology and is recognised for translating laboratory research through clinical trials into new treatments for patients suffering from the disease. Through treatments focused on strengthening the body's immune system, the University of Southampton has been able to help patients beat cancer and to live longer, fuller lives. In the spring of 2015 the University will launch its first ever fundraising campaign (planned for completion in 2017) to raise £25 million to establish a new, world-leading, state of the art Centre for Cancer Immunology. The new centre will bring together leading scientists and doctors from a range of disciplines that will help to extend the research opportunities and patient treatments within this area of cancer treatment.

The Student Support Fund

We believe that financial circumstances should never prevent talented and ambitious students, at any level of their education, from benefiting from a pioneering and world-leading education at the University of Southampton. To help recruit and retain the best and brightest students, the University is dedicated to helping provide financial assistance to students at undergraduate and postgraduate levels in a variety of subject areas. The University has also made a commitment to encouraging further study, in a variety of research disciplines, through the provision of scholarships geared toward supporting our ambitious cohort of postgraduate research students. These scholarships help our students to continue making the ground-breaking discoveries the University is known for; all of which have the potential to positively change the world for the better.

The Student Experience Fund

The great experiences our students receive throughout their education play a pivotal role in shaping who they will become after graduation. From spaces on campus that allow our students to gain the most from their education, to a diverse range of student clubs and societies, the University of Southampton is the perfect place for our students to grow into the leaders of tomorrow. The Student Experience Fund exists to provide support for student-led projects, improvements to student facilities and equipment including the University's many libraries, and support for the University's student clubs and societies such as our ENACTUS student enterprise society and our Formula Student team. Through participating in experiences that extend beyond their education, our students are given the opportunity to prepare for an ambitious and successful future.

The Fund For the Greatest Need

Through education, innovation, and research the University unlocks potential and provides opportunities that transform lives. In a world that is always changing, philanthropic support helps the University to respond to the greatest needs of our students and to take advantage of emerging opportunities as they become known to us, which is vitally important to our future success. In the past, this fund supported the launch of the University's Excel Placement Programme, now in its fourth year, which provides over 400 placement opportunities every year to our second and final year students. The fund has also supported projects such as the world-renowned Portus Field School in Rome and a new Astrodome within the discipline of Astronomy and Physics, helping to provide outreach and engagement opportunities to inspire the next generation of great thinkers.
