

Report

Report title: Professional Statutory Regulatory Body (PSRB) Annual Overview Report

Date: 1 July 2019

Introduction

1. The tables below present and overview of the external professional, statutory and regulatory bodies (PSRB)s' involvement in programmes offered by the University.
2. QSAT coordinates and consultation with Faculty CQA Teams to annually update the institutional record of these programmes. There are no programmes in the Faculty of Arts and Humanities that have accreditation, approval or recognition of a PSRB.
3. The University of Southampton works with 45 different for PSRBs.

Findings

4. Table 1 below presents the total number of programmes accredited, approved or recognised by a PSRB by Faculty and School. It shows a total of 520 of the Universities programmes. Over half of these are located in the Faculty of Social Sciences and particularly the Southampton Business School.

Table 1

5. Table 2 presents the number of programmes with accreditation, approval or recognition, by School and lists the PSRB that this is awarded from. As noted above, the School with by far the greatest number of programmes with accreditation is the Southampton Business School. However many programmes are accredited by more than one body, for example:

- The MBA is accredited by AACSB, AMBA, CMIA and CMI.

6. The same is true for programmes in Engineering, e.g. the BEng Civil Engineering is accredited by the Joint Board of Moderators:

- Institution of Civil Engineers; Institution of Structural Engineers; Chartered Institute of Highways and Transportation; Institute of Highway Engineers.
