WESTSIDE LECTURE THEATRE

10:00–20:00
Welcome to the second iteration of our Fashion and Sustainability Forum. The issue of sustainability is not a new one. It has a long history, beginning from our university. Botanical Interim Show in 1968, with Seeing Fabrics at Central St Martin’s 1970, we were already looking for different approaches in fashion industry value chains & markets. She has worked with businesses in South Asia, in India, London and Hong Kong, teaching fashion business students how to understand sustainability in fashion. She has also worked with business students in the UK, in London and Hong Kong, teaching fashion business students how to understand sustainability in fashion.
