A RECENT REVIEW :

"For home or office use there is no better or handier little all-round reference book than the *Concise Pocket Encyclopædia*, published by Messrs. Asprey & Co., Ltd. It manages to compress the maximum of useful information within the minimum of space, yet is clearly printed and interestingly written. It is well described, for it really is an 'encyclopædia,' it really is 'concise,' and it really is of a size convenient for the pocket. Printed on thin but opaque paper it is easy to read, and, nicely bound in cloth, is wonderful value for sale at 3s."
